

FRESH WATER SOFTENER-TIMER CONTROLLED

London made in England

INSTALLATION AND USER GUIDE

Thank you for purchasing a Fresh Water Softener.

It is important that anyone using a FRESH WATER FILTER® system takes time to study this guide as it contains essential information needed to ensure easy installation and trouble-free use.

Follow the instructions and, after installation, your system will produce softened water.

Keep this guide in a safe place. It will enable you to get the best performance from your system now and in the future.
